Top Skills

Computer Science

Java

C (Programming Language)

Harsh Singh

NSUT'26

Delhi, India

Summary

I'm a 3rd-year BTech student specializing in biotechnology, though my true passion lies elsewhere. While I explore my options beyond biotech, I've immersed myself in learning Data Structures and Algorithms (DSA) to broaden my skill set in the tech industry.
I've already built a foundation in C and Java, and I'm continually expanding my knowledge. I'm always seeking to improve, learn, and find the right path that aligns with my goals.

Education

Netaji Subhas University of Technology
Bachelor of Technology - BTech · (September 2026)

EduPlusOne
OOP WITH Java , Computer Science · (May 2024 - July 2024)

St. Thomas School , dwarka
